Silent Auction – entrant numbers

As 2013 is the 50th anniversary of the EH Holden, it has been decided to auction the following entry numbers: **62, 63, 64, 65**. If you are interested in bidding for these iconic numbers, please forward your bid to the ASR Treasurer, Jenene Drew on millawar@bigpond.com. **Bidding is open until 30 April 2012.** The highest bid (no names) will be displayed on the EH ASR website and updated monthly until March 2012. For the last month of the auction, the highest bid will be updated each week. These numbers will be included in the ASR booklet along with the lucky bidders' names and car details.

For those who have already registered and have received an entry number, if you are successful in bidding for one of these numbers, your original entry number will be returned and given to another entrant.

Please note bidding for these numbers is separate from any entry form number.

Bulletin 2

Website – 2013 EH ASR

The bulletins and any relevant ASR information will be uploaded regularly to the website (<http://users.tpg.com.au/mark64eh/main.htm>). Please check it often.

Sponsorship

Anyone wishing to be a minor or major sponsor of the event, please contact Peter Lenthall (0429 357 310) who will provide you with details of what is available, e.g. trophies/awards, business advertising etc.

Entrant number

To secure your entry, please email Jenene Drew (millawar@bigpond.com) who will provide you with a registration number and EFT details. Please do not make bookings for other entrants; each interested car owner needs to make their own booking.

All entrants must specify the number of people attending including the ages of children. This is to ensure that we do not exceed our 300 limit. Children 3 years and over will be included in the 300 limit as they will be given a seat at the venues. Children under 2 won't be included in the limit but notice of attendance will still be required. This limit is due to venue capacity.

If you have paid a deposit, you will have received an entrant number.
